Assessment Workshop
St. Simon the Apostle School
November 3, 2016
Agenda and Resources

Introductions (10 min)

1. **Alternative (Performance) Assessment and Rubrics** (60 min)
   Learning Objective: Teachers will each draft (or review) a simple rubric in Word
   using sound rubric development guidelines. Topics:
   a. Basics of performance assessment (task + rubric)
   b. Rubric design basics and metrics (scoring)
   c. Rubric triage: How do you know when a rubric isn't working?
   d. Rubric scoring technologies (in Excel or online, maybe)

Break (10 min)

2. **Classroom Quiz/Test Design** (60 min)
   Learning Objective: Teachers will each make a simple quiz or test in Sycamore
   using sound item development guidelines. Topics:
   a. Selected responses
   b. Constructed response
   c. Working with item pools and banks
   d. Standards alignment matrices
   e. Item analysis (theory)

Break (10 min)
Breakout Sessions (30 min, teachers split into two groups)

3. **Learning Response Systems,** featuring **Socrative.com** (with Elizabeth)
   Learning Objective: Teachers will get a general sense of what Socrative can do
   for learner engagement and formative assessment.

4. **Video Assessment,** featuring **Swivl.com** (with Matt)
   Learning Objective: Teachers will get a general sense of the potentials for video
   assessment. Bonus: Swivl robots can be used for producing flipped content.
